Stronghold Insurance reaches out to the children of the *Munting Tahanan ng Nazareth*

As what every home should have, laughter and lively music filled the *Munting Tahanan ng Nazareth* in Mabalacat, Pampanga through a Jollibee kiddie party organized by Stronghold Insurance on October 9, 2019.

Mr. Noel G. Mercado, Regional Manager of Stronghold Insurance's Central Luzon Regional Office, organized the CSR activity as part of the company's upcoming 60th anniversary celebration in March next year. Mr. Mercado said in a short speech that Stronghold Insurance is grateful for being given the opportunity to share the blessings the company has been receiving through the years.

The kiddie party served hearty Jollibee kiddie meals and facilitated fun games for the children. In addition to that, sacks of rice and canned goods were also donated to help with the *Munting Tahanan ng Nazareth's* food supply.

The *Munting Tahanan ng Nazareth* is an NGO facility that supports and offers a home for the poor, abandoned and surrendered, mentally challenged, autistic, and epileptic children, and people with special needs.

Although called "Munti", the smiles were huge and hearts swelled in the home during the activity.

Immunization for our *lolos* and *lolas*: Stronghold Insurance conducts free flu vaccination for senior citizens in Laguna

A free flu vaccination for the senior citizens of Southville, Brgy. Niugan, Cabuyao, Laguna was conducted by Stronghold Insurance on October 25, 2019.

The Vaccines Save Lives Program organized by Stronghold Insurance's Alabang, Makati and Ortigas branches in collaboration with the Cabuyao Municipal Health Office benefitted 200 senior citizens of the barangay.

Mr. Jose Vallejos, Jr., Assistant Vice President of Stronghold Insurance, said that they chose to conduct the activity in Brgy. Niugan due to its remoteness from town, resulting to inaccessibility to proper health care at times. He added that the CSR activity is part of the company's countdown celebration for its 60th anniversary in March next year. They aim to give back as much as possible to the community without whose presence Stronghold wouldn't be where it is now.

Vaccines aren't just for kids. If anything, it is especially important for older people to get vaccinated as their immune systems are weaker with their age, making it more difficult for them to fight off infections. With hope, the activity is just one of many with the goal of contributing to our *lolos* and *lolas'* healthy aging.
